**Title** PostDoc Positions - Vienna International Post-Doctoral Training in Molecular Life Sciences (VIPS)

**Institution** Max F. Perutz Laboratories GmbH (Joint Venture of University of Vienna and Medical University of Vienna)  
We offer a broad coverage of research areas, ranging from Biochemistry, Cellular Biology, Immunobiology to Organismal Biology, Bioinformatics, Structural Biology and Neurosciences.  
[www.mfpl.ac.at](http://www.mfpl.ac.at)

**Position** To promote Post-Docs on their way to scientific independence  
3-5 year training, independent research budget, travel money, mentoring programme, grant writing support, career development seminars, family support

**Responsibilities** VIPS PostDocs will be encouraged to develop their own research topics and apply for independent grants in the second half of their training. During the final phase of their training, VIPS PostDocs will be supported as they apply for group leader positions outside the MFPL.

**Requirements** You need to have a successful PhD in molecular life sciences or a related discipline (MD, Mathematics, Physics, etc.) and be determined to follow an academic career in research.  
You must hold a doctorate degree or equivalent before the start of the PostDoc-training but not necessarily when applying.

**Application procedure (deadline etc.)** Application online: [www.mfpl.ac.at/vips](http://www.mfpl.ac.at/vips)  
Application Deadline: 29<sup>th</sup> of February 2012

**Contact** Gabriele Permoser
