FH Aachen – University of Applied Sciences Name of EU liaison officer (EU-Referent/in), if applicable: Dr. Britta Eilmann (eilmann@fh-aachen.de)
--

3. Institute/Department:

Faculty of Energy Technology (Laser Technology) Website (Hyperlink): https://www.fh-aachen.de/menschen/fleischhaker/

4. Contact person (name and e-mail address):

Prof. Dr. Robert Fleischhaker (fleischhaker@fh-aachen.de)
--

¹ MSCA Individual Fellowships are selected on the basis of annual calls for proposals. Forthcoming and open calls for proposals can be found on the [Participant Portal](#) of the European Commission under “Funding Opportunities” and “Calls/H2020”.

5. Project idea/position (scientific requirements, topic, discipline):

Rough outline of idea/position:

The Faculty of Energy Technology (Laser Technology) at FH Aachen – University of Applied Sciences is looking for a

Postdoc in applied laser technology

admissible for funding within the MSCA-IF framework (last employment must not have been in Germany).

In our newly established disk laser lab, we are pursuing research and development in the area of laser sources and laser machining in cooperation with industry. A possible candidate should have a background in laser physics and should be orientating towards an industry career. Our lab is located at the newly build Campus Jülich near Aachen, in an attractive urban region where Germany, Belgium and the Netherlands meet.

The position would be available for a minimum of two years, starting as soon as possible, but subjected to funding. We will support a possible candidate in the joint application process with the next funding opportunity ending on 12. September 2018.

For further information, do not hesitate to contact me (fleischhaker@fh-aachen.de), if possible please attach CV.

Please tick:

- Life Sciences
- Natural Sciences
- Engineering Sciences
- Social Sciences and Humanities

6. Deadline² for considering interests by postdoctoral applicants:

For first call: 08/2018

² Please consider that the preparation of a Marie Skłodowska-Curie proposal requires some time. Fellow and supervisor have to agree on a project and training opportunities for the fellow.
