¹ MSCA Individual Fellowships are selected on the basis of annual calls for proposals. Forthcoming and open calls for proposals can be found on the [Participant Portal](#) of the European Commission under “Funding Opportunities” and “Calls/H2020”.

5. Project idea/position (scientific requirements, topic, discipline):

Rough outline of idea/position: We are investigating the neurobiology of decision making in animals and humans. Our main research focus lies in social decision making, intertemporal choice and self-control, but our interests are not limited to these areas. Candidates should be interested in these fields of research, and should have prior experience in, or willing to learn, one or several of these methods: animal behavior, tetrode recordings, lesion studies, psychopharmacology in animals and humans, and fMRI.

Please tick:

(according to [scientific subject areas](#), defined by the German Research Foundation)

- Life Sciences
- Natural Sciences
- Engineering Sciences
- Social Sciences and Humanities

6. Deadline² for considering interests by post-doctoral applicants:

² Please consider that the preparation of a Marie Skłodowska-Curie proposal requires some time. Fellow and supervisor have to agree on a project and training opportunities for the fellow.
