5. Project idea/position (scientific requirements, topic, discipline):

Rough outline of idea/position:

We would be interested hosting researchers interested in multisensory processes in humans and the consequences of sensory (visual or hearing) deprivation. Methods employed ideally include behavioral, electrophysiological or brainimaging. Scientists with expertise in cognitive modeling or other neuroscience techniques (e.g. brain stimulation) are welcome as well.

Please tick:

- Life Sciences
- Natural Sciences
- Engineering Sciences
- Social Sciences and Humanities

6. Deadline² for considering interests by post-doctoral applicants:

no

² Please consider that the preparation of a Marie Skłodowska-Curie proposal requires some time. Fellow and supervisor have to agree on a project and training opportunities for the fellow.
