¹ MSCA Individual Fellowships are selected on the basis of annual calls for proposals. Forthcoming and open calls for proposals can be found on the [Participant Portal](#) of the European Commission under “Funding Opportunities” and “Calls/H2020”.

5. Project idea/position (scientific requirements, topic, discipline):

Rough outline of idea/position:

European countries are facing manifold challenges in their educational system. One main question in Germany for instance is, to identify existing obstacles for an integration of children with a migration background. Who are the stakeholders that have to deal with this to guarantee a successful integration? The position should contribute to a scientific exchange and over all collect and map the main challenges (that are in common and also that are divers across Europe) as well as good practice examples for a successful integration.

Requested work-/research-experience: educational system, esp. research on schools; migrant children; at least one of those: qualitative research methods/surveys; qualitative research methods, esp. community research

Discipline: Education, Sociology, Psychology; Linguistics

Please tick:

- ☐ Life Sciences
- ☐ Natural Sciences
- ☐ Engineering Sciences
- ☒ Social Sciences and Humanities

6. Deadline² for considering interests by post-doctoral applicants:

04/2018; At the very latest two months prior to the deadline of the respective call.

² Please consider that the preparation of a Marie Skłodowska-Curie proposal requires some time. Fellow and supervisor have to agree on a project and training opportunities for the fellow.
