**5. Project idea/position (scientific requirements, topic, discipline):**

Rough outline of idea/position:

The Max Planck Society brings together the best scientists from all over the world. According to the motto of Max Planck *Insight must precede application* the Max Planck Society conduct basic research in the natural sciences, life sciences, and humanities. The Max Planck Institute for the Science of Human History (MPI-SHH) in Jena was founded in 2014 to target fundamental questions of human history and evolution since the Paleolithic.

We welcome proposals that fall into all our research areas; for more information see our website.

If you are interested in our institute as your host institution, we would ask to send a CV and 3-page proposal outlining the research project, professional development and dissemination plans to the contact person Dr Bettina Bock by August 15, 2021 (for MSCA 2021).
