5. Project idea/position (scientific requirements, topic, discipline):

Rough outline of idea/position:

The Forschungs- und Lehrbergwerk (FLB) of the TU Bergakademie Freiberg is a leading underground research laboratory within the EU. Currently more than 48 Partners from 26 countries are involved in more than 30 underground research activities.

In order to improve and foster future underground research in Europe and to improve access to the underground 3-D-research space for our future partners in Europe and beyond, under the direction of Prof. Dr. iur. Gerhard Ring, the FLB would like to develop and implement a new e-infrastructure for all services, installations and data needed to the planning, execution, supervision and utilization of underground research and development projects.

With the aim of building a multidisciplinary team, we are looking for an experienced law researcher/professional who wants to apply for a MSCA-IF and also:

- Can provide a deep and a holistic understanding in **Contractual law, Intellectual property and European legal frameworks**.
- May have a strong interest in enhancing his/her creative and innovative potential by diversifying his/her individual competence in terms of skill acquisition through advanced training, international and intersectoral mobility.
- Have interest in acquiring and transferring new knowledge by working on research and innovation in a European context (EU Member States and Associated Countries) or outside Europe.

It would be considered an asset whether the candidate may have knowledge and capability:

- In Technology Transfer, Competition law, R&D Regulations, European Patent System and Data Protection law – at the national, regional, and international level.
- In transferring the top results of research, development and innovation to practice.
- To have an excellent oral and written communication skills in English language and a solid command of German language.

The potential candidate should have also the ability to:

- Innovate
- Build relationships
- Advance research
- Strengthen our organization

Please tick:

- Life Sciences
- Natural Sciences
- Engineering Sciences
- Social Sciences and Humanities

6. Deadline² for considering interests by postdoctoral applicants:

Interested applicants should contact not later than September 10th, 2019.
However, we ask applicants to contact us as early as possible in order to plan and support the project in the best possible way.

² Please consider that the preparation of a Marie Skłodowska-Curie proposal requires some time and that the fellow and supervisor have to agree on a project and training opportunities for the fellow.
